## Up To 3000 Employment At 1952 Peak

The Ingalls shipyard will build up to an employment level of 2,500 to 3,000 in early 1952 as result of the five-ship contract awarded the yard Wednesday by the US maritime board, W. R. Guest, executive vice-president, said Thursday.

Ingalls was one of five shipyards awarded contracts for construction of five each of the high-speed C-4 cargo-passenger vessels at a cost of \$7,898,000 each.

The contract will result in no appreciable increase in employment at the yard until July, Guest said. Steel is not scheduled for delivery until June 1, and by July the employe level will start increasing until it reaches its peak in early 1952.

The first keel is scheduled for laying in late August, he said.  
**First In 540 Days.**

The first vessel is scheduled for delivery in 540 days and the last in exactly two years. The remaining three vessels will be delivered during the period between those two figures, Guest said.

Work, however, will start in the mold loft at the yard as soon as drawings are made available by the maritime board, Guest said.

It will be necessary to use a second shift when full work starts on the contract, Guest said.

Meanwhile, the yard is working on other contracts which would provide work and maintain employment levels at the yard until steel is received for the five-ship contract, Guest said.

It is also believed that the yard

## To Open

### Seafood Comish Votes For Pacts, Sells Reef Shell

Two far reaching and important moves were taken this week by the state seafood commission meeting at Biloxi.

1) Adoption of an order authorizing reciprocal fishing agreements with Gulf and other states. The agreements would set uniform fishing regulations and license fees between states signing.

2) Signed a contract with the Heartland Trading Co., New Orleans, for sale of dead reef shell in Mississippi sound. Sale of the shell will bring an estimated annual revenue of \$50,000 to \$60,000 to the seafood commission.

The contract with the Heartland Co. is for five years and provides a royalty of 10c per cubic yard paid to the commission for dead shell dredged.

The contract also provides that the company will make a complete survey of the sound, showing the location of dead reefs, and submit findings to the seafood commission for approval before dredging work is started.

The commission has authority to prohibit dredging at any point where it believes live oyster reefs might be damaged, and can maintain an inspector on the dredge at all times to measure shell taken and prevent live reef damage.

Minimum Of \$10,000

## 'TOPS IN OUR TOWN' AND EDWARD KHEYAT Charley Morie Leaves For N. Y.

# Charley Morie On Radio Today

Charley Morie, Jackson county's "Tops in Our Town," set off Monday on his big adventure—a trip to New York and part on a nation-wide radio show—attired in a complete new wardrobe given him by admiring neighbors.

Charley, chosen by his fellow compatriots in the contest run by the Chronicle-Advertiser, left with his companion, Edward A. Kheyat, of Moss Point, on the Hummingbird at 1:04 p.m.

## Mrs. DeAngelo Wins Toaster

Mrs. George DeAngelo, 910 Elder, Moss Point, is winner of the automatic toaster donated by the Chronicle-Advertiser to a person chosen by lot from among the scores who entered candidates in the "Tops in Our Town" contest.

Her letter, like so many others, nominated Dr. R. C. Eley.

Charley was ready, all dressed and pacing the floor of his Kreole home by 11 a. m. "This is awful," he told his mother, waiting to leave.

He will appear today on the Betty Crocker Magazine of the Air, which is heard locally over station WDSU, New Orleans, from 9:25 to 9:45 a. m.

The show is sponsored by General Mills, also co-sponsors of the "Tops in Our Town" contest in Jackson county.

The county's favorite, a newsboy, young businessman and top student at Moss Point high, checked into the Hotel Staller Wednesday with his companion.

Their visit includes backstage tours of radio and teevy studios, sight-seeing trips around the big city, meals in famed restaurants, shows on Broadway.

The climax of their trip will be the appearance this morning on the Betty Crocker radio show.

Kheyat is arranging to bring Charley home via Washington and stop off for a visit to landmarks and to see government in action.

Charley's choice of companion was result of hero worship when the boy was seven or eight and Kheyat was coach of the Moss Point football team.

Meanwhile here at home, other winners in the Chronicle-Advertiser's contest will receive their prizes this weekend.

Recipients of automatic toasters and boxes of General Mills grocery products will be the two runners-up in the contest, Dr. R. C. Eley of Moss Point and Miss Susie Vaughan of Vancleave, and the writers of letters nominating the three finalists.

Letter-writer winners are the Rev. J. W. Davis, Kreole; Mrs. Emily Davis, Wade, and Mrs. J. Watkins-Murphy, Vancleave.

Throughout the contest the prizes were on display at the Mississippi Power Company offices in Ocean Springs, Moss Point and Pascagoula.

A sixth automatic toaster was awarded by the editors of the Chronicle-Advertiser to a non-winner letter writer chosen by lot. She is Mrs. George DeAngelo, 910 Elder, Moss Point.

The wardrobe in which Charley went on his great adventure was bought by funds solicited by Mesdames Nollie Germany, Pat Watts, John Dunn and by C. W. Wilkerson.

## Nelson Renamed To Board At MP

Ingalls was one of five shipyards awarded contracts for construction of five each of the high-speed C-4 cargo-passenger vessels at a cost of \$7,688,000 each.

The contract will result in no appreciable increase in employment at the yard until July, Guest said. Steel is not scheduled for delivery until June 1, and by July the employe level will start increasing until it reaches its peak in early 1952.

The first keel is scheduled for laying in late August, he said.

First in 540 Days  
The first vessel is scheduled for delivery in 540 days and the last in exactly two years. The remaining three vessels will be delivered during the period between those two figures, Guest said.

Work, however, will start in the mold loft at the yard as soon as drawings are made available by the maritime board, Guest said.

It will be necessary to use a second shift when full work starts on the contract, Guest said.

Meanwhile, the yard is working on other contracts which would provide work and maintain employment levels at the yard until steel is received for the five-ship contract, Guest said.

It is also believed that the yard is in a position to obtain contracts for other maritime board C-4 awards, which will be made at a later date.

The yard is now employing approximately 500.

The new vessels will be 563 feet in length with a rated speed of 22 knots. They are designed to meet atomic-age defense needs by having the speed to outrun submarines and take evasive action against air attack.

Must Enlarge Ways  
The building ways at Ingalls will have to be lengthened to take care of the vessels.

The program is the first large-scale government ship building program since World War II.

Other yards awarded five vessels each were:

Newport News Shipbuilding & Drydock Co., Virginia; Bethlehem Steel Co., Sparrows Point-Baltimore yard; Bethlehem Steel Co., Quincy, Mass. yard and Sun Shipbuilding and Drydock Corp., Chester, Pa.

## Leo Byrd Seeks Sheriff's Office

Leo Byrd, deputy sheriff, this week announced he will be a candidate for Jackson county sheriff in the August Democratic primary election.

Byrd said his formal announcement will follow at a later date.

He has served the past three years as chief deputy sheriff and tax collector.

# \$30,000 Building Program, I To Begin For 4H Camp At N

Preliminary steps were taken this week toward erection of eight large cabins and a cafeteria at Magnolia State Park in preparation for nearly 4000 4H

1) Adoption of reciprocal fishing agreements with Gulf and other states. The agreements would set uniform fishing regulations and license fees between states signing.

2) Signed a contract with the Heartland Trading Co., New Orleans, for sale of dead reef shell in Mississippi sound. Sale of the shell will bring an estimated annual revenue of \$50,000 to \$60,000 to the seafood commission.

The contract with the Heartland Co. is for five years and provides a royalty of 10¢ per cubic yard paid to the commission for dead shell dredged.

The contract also provides that the company will make a complete survey of the sound, showing the location of dead reefs and submit findings to the seafood commission for approval before dredging work is started.

The commission has authority to prohibit dredging at any point where it believes live oyster reefs might be damaged, and can maintain an inspector on the dredge at all times to measure shell taken and prevent live reef damage.

Minimum Of \$10,000

The contract provides a minimum payment of \$10,000 annually, whether or not any dredging is done.

Similar contracts are in effect in the other four Gulf states, with the exception that they carry a \$5,000 minimum payment figure, and the Alabama conservation commission is selling its dead

(Continued on Page 4)

## March Of Dimes Over \$3000 Mark Burnie Reports

Reports, "still very incomplete," showed Thursday that Jackson countians contributed more than \$3000 to the March of Dimes, said R. H. Burnie, chairman of the drive.

Included in reports to date are \$600 from employees at Ingalls and \$50 from the Negro VFW post at Pascagoula, which held a benefit dance for the campaign.

Moss Point and Ocean Springs have not yet reported, Burnie said, and results of drives at other county industries are still incomplete.

Dr. Felix J. Underwood, state drive chairman, said Thursday that workers should continue their efforts until all phases of the drive have been successfully concluded.

## Who Is Your Favorite? Vote Today For 'Tops'

### Better Hire Soloman

The state highway maintenance department will attempt to unravel the confusion of tourists at the N. Pascagoula-Live Oak turn of Highway 90 in Pascagoula.

Action of the department is in response to a plea from Clyde Leavitt of Pascagoula, who grew tired of being the confused tourist (and truck drivers) who had missed the turn and up at Beach boulevard's dead end at the old naval station and come wandering back hunting the right route.

A. M. White, assistant engineer of maintenance, told Leavitt by letter that the department would place signs at the turn, but that it was necessary at the location to stop tourists from becoming confused at the turn.

To Purchase Pigs  
For 4H Members

### Trip To New York, Radio Show Spot Awaiting Winner

Jackson countians will choose today the person they think is "Tops in Our Town," the county's favorite person. The three finalists for the title are Dr. R. C. Eley of Moss Point, Charles E. Morie of Kreole and Miss Susie Vaughn of Maneleave.

Winner of the honor will receive a free trip to New York and an appearance on the coast-to-coast radio broadcast of the Betty Crocker Magazine of the Air.

Ballots are printed at the end of this story. Each countian is allowed only one vote, and each ballot must be marked with a cross. The county will examine ballots to detect phony names. This is merely a precaution, however, as the voting will be conducted under the honor system. Deadline is Monday.

Your ballot must be mailed or brought to the Chronicle-Advertiser "Tops in Our Town" Contest and must not be postmarked later than midnight Monday.

### Alfred Duvernay Killed In Action

Notification has been received by Walter J. Duvernay, Ocean Springs, that his son, Cpl. Alfred E. Duvernay, 21, was killed in action in Korea Dec. 16. The news was received Friday from the War Department.

Cpl. Duvernay enlisted in the army in August, 1948, served in Germany for two years, returned to the States and was then sent to Korea.

Besides his father he is survived by three sisters, Mrs. Frank Wasmer, Mrs. Earl King and Mrs. Oscar T. Mitchell, and one brother, Walter J. Duvernay, all of Ocean Springs.

## Cochrane To Attend Launching

10,000-Ton Vessel  
Slides Down Ways  
At 11 A. M. Tuesday

The first ocean-going vessel to be launched at Ingalls shipyard in 18 months will take to the water Tuesday at 11 a. m. when the 10,000-ton S. S. Schuyler Otis Bland slide down the ways.

The vessel is named in honor of the late Congressman Bland of Virginia, who served in the national House from 1918 until his death last year.

Sponsor of the vessel will be his widow, who will come here from Hampton Roads, Va.

Mrs. Bland's mother of honor at the launching ceremonies will be her niece, Mrs. Harry T. Goldman, Jr., Waterproof, La. Other members of her launching party will be Dr. and Mrs. Charles I. Putzel, Jr., Selma, Ala.; Mrs. Cornelia McDuffie Turner, Mobile; and Mr. and Mrs. James Bland Martin, Gloucester, Va.

Former Cong. Will Whittington and Mrs. Whittington, Green Bay, Wis., will be members of a party. Whittington, who retired last year after a long and distinguished Congressional career, served in the House with Cong. Bland.

Cochrane To Attend  
Adm. E. L. Cochrane, chairman of the federal maritime board will fly here from Washington for the launching and, with Monro B. Lanier, Ingalls president, will leave Tuesday afternoon for the

Mail at once to "Tops in Our Town" Contest (or bring  
to) The Chronicle-Advertiser, Pascagoula.

## Here Are Winning Letters In 'Tops In Our Town' Race

### Dr. R. C. Eley

I nominate Dr. R. C. Eley as  
"Tops in Our Town" because he  
really deserves the title. He not  
only deserves it but he has lived  
up to it.

He answers every call, night or  
day, hot or cold, over good or  
muddy roads to white or black  
and comes in with a smile that  
almost cures.

Never in a hurry, he always  
has time to listen to you. In his  
kindly advice he always gives you  
the assurance of his ability to help  
you.

Distance never keeps this faith-  
ful doctor from any one who  
needs him. When called he never  
asks if the money is ready. If he  
gets the pay, OK. If he does not  
he will smile and say, "Call me  
if you need me."

The only regret that we, as  
Jackson county residents, have is  
that we cannot add a good  
many more years to Dr. Eley's al-  
ready far-spent, active life as a  
good, kind, country doctor.

This is a true tribute to Dr.  
Eley.

MRS. EMILY DAVIS,  
Rt. 2, Pascagoula.

### Charles Morie

I nominate Charles Edward Mo-  
rie of Kreole, who is only 15. He  
is up at 4 o'clock in the morning  
to deliver his papers over a dis-  
tance of eight or 10 miles and is  
ready to catch his bus for school.

He bought a power mower on  
time, paid for it himself and in  
summer some days makes as  
much at \$5 a day. He has saved  
\$359 to help put him through col-

lege. He was a reporter of local news for  
the weekly county paper, The  
Chronicle-Star.

Her friends are legion.  
She was a helper from her first  
year as school "marm" when she  
and her older pupils saved the  
contents of a nearby burning  
building.

Surely Miss Susie Vaughn, who  
taught geography for over a half-  
century, should be chosen to see  
some of that geography between  
Vanceleave, Miss., and New York.

MRS. J. W. MURPHY,  
Rt. 1, Box 169,  
Ocean Springs.

### Fire . . .

(Continued From Page 1)  
intense heat, smoke and water.

Damage to the house has been  
tentatively set at more than \$10,-  
000, according to Mr. Watts, and  
furnishings destroyed or badly  
damaged were valued at about  
\$10,000. Furnishings included a  
number of antiques, fine lamps  
and new rugs throughout the  
house.

Thought An Intruder

Mrs. Watts was awakened a few  
minutes before 4 a. m. Friday by  
a noise at the back which she  
thought was someone trying to  
enter the kitchen. She called her  
husband. As Mr. Watts reached  
for his gun, the flames broke out  
onto the back porch.

The Pascagoula fire department  
rushed to the scene but encoun-  
tered some difficulty when one  
truck proved too large to get  
through the gate on Washington  
avenue into the back yard and the  
other mired down in the yard  
about half way to the house.

This necessitated running the

### Contest . . .

(Continued From Page 1)  
will receive the toaster and box  
of products. They will be present-  
ed at a program Feb. 3.

In addition, each person who  
wrote a nominating letter will be  
eligible to win one of the auto-  
matic toasters. Names will be  
drawn from a hat to decide the  
lucky person. Announcement of  
the winner of this toaster will be  
made in the Chronicle-Advertiser  
Feb. 9.

Judges of the contest were  
Thomas R. Wells, Pascagoula;  
Mrs. A. W. Head, Moss Point,  
and Mrs. W. Raymond Allen,  
Ocean Springs.

Fourth and fifth choices of the  
judges were Mrs. Leonie Bufkin  
and Mattie Deloris Thompson.

Other nominees were: From  
Moss Point—Edward A. Khayat,  
C. B. Wilkerson, Dr. James T.  
Thompson, Mrs. R. C. Eley, Mrs.  
Frank Spann, Jr.

From Pascagoula—Mrs. J. D.  
Pounds, Mrs. M. R. Bosarge,  
Miss Lynne Grant, Vincent Ros,  
Pedro W. Cox, Mrs. Irene Raby,  
Dr. S. B. Melwain, A. F. Dantz-  
ler, Miss Gladys Quinn, Msgr.  
Patrick J. Carey, Mrs. S. E. Mc-  
Ilwain, Mrs. J. S. Abbey.

From Vanceleave—Mrs. Howard  
E. Jennings, Mrs. Norman Ram-  
say.

From Ocean Springs—Mrs.  
Francesca Spencer.

From Kreole—Mrs. James D.  
Gautier.

Don't waste any time. Clip out  
the ballot now and vote for your  
choice as "Tops in Our Town."  
Mail the ballot to "Tops in Our  
Town" Contest, c/o The Chroni-  
cle-Advertiser, Pascagoula. Or  
bring it to the Chronicle-Adver-  
tiser office.

Deadline is midnight, Monday,  
Jan. 29. Hurry!

### Launching . . .

(Continued From Page 1)  
with a rated speed of 13½ knots.

Contract for the vessel was won  
by Ingalls in the latter half of  
1949 in competition with the na-  
tion's major shipyards.

Adm. Cochrane is due to pre-  
side at the opening of bids Wed-  
nesday at Washington on a \$350,-  
000,000 construction program of  
fast new-type cargo carriers.

Funds for construction of the  
vessels are contained in the \$20-  
billion national defense bill  
passed at the last session of Con-  
gress. The new vessels will be  
565 feet in length with a speed of  
22 knots.

Prepare Estimates

The Ingalls engineering depart-  
ment has been at work for some  
time preparing cost estimates in  
preparation for Wednesday's bid-  
ding.

Maritime board plans call for  
awarding no more than five of  
the vessels to any one shipyard.

### County To Get \$2146 From Federal Lands

Jackson county will receive \$2146

### Snakebitten Boy Saved By Buddy

Robert Hunt, 15-year-old son  
of Mr. and Mrs. R. C. Hunt of  
Gautier, was bitten on the foot  
Friday afternoon by a water  
moccasin on the beach near  
Graveline bayou.

The quick thinking and action  
of Frank Cook, Biloxi, who was  
on the scene, is credited by  
physicians with saving the life  
of the boy.

Young Cook immediately cut  
the flesh around the bite and  
sucked out the poison. Hunt  
was rushed to County Hospital  
where he was still hospitalized  
late Thursday.

With Hunt at the time were  
his brother, Jewel, and Jack  
Godfrey.

### 1st Day In Action Still In Memory

(Special to the Chronicle)

With the First Cavalry Divi-  
sion in Korea — (Delayed) —  
Nearly every man fighting in  
Korea has at least one particu-  
lar experience that will stick  
with him and he will remember  
forever.

For most of the men, it will  
be the first day they were in  
action. That's the way it is with  
Sgt. William P. Dockens, son  
of Mr. and Mrs. Henry L. Dock-  
ens, 935 Parsley St., Pascagoula,  
Mississippi.

Dockens is leader of a rifle  
squad of the 5th Cavalry Regi-  
ment and has been in Korea  
since July 18, at which time he  
made an assault landing with  
his outfit to join in the fight  
against the invading North  
Koreans.

"Most of us were green to  
combat when they put us on the  
line July 22," Dockens began.  
"We went into position on a  
steep hillside overlooking the  
town of Yongdong.

"That afternoon about 5:30  
the Reds attacked. No one  
seemed to know what to do.  
"Outfitting" and supply route  
was cut off and we began get-  
ting men wounded. The enemy  
had us zeroed in with his mor-  
tars and we really had a job  
getting those wounded men  
down that hillside without get-  
ting them killed.

Everyone left their positions  
and got scattered but we re-  
grouped at the bottom of the  
hill and repulsed the attack. We  
got our share of North Koreans  
that day too," he concluded.

Later, during action near  
Waegwan, Sgt. Dockens was  
wounded in the arm by an ene-  
my hand grenade during his  
unit's third attempt to take Hill  
203, which was successful. He  
spent two months in an army  
hospital in Japan before return-  
ing to duty.

Sgt. Dockens entered the  
army in November, 1945, short-  
ly after the end of World War

## Here Are Winning Letters In 'Tops In Our Town' Race

### Dr. R. C. Eley

I nominate Dr. R. C. Eley as "Tops in Our Town" because he really deserves the title. He not only deserves it but he has lived up to it.

He answers every call, night or day, hot or cold, over good or muddy roads to white or black and comes in with a smile that almost cures.

Never in a hurry, he always has time to listen to you. In his kindly advice he always gives you the assurance of his ability to help you.

Distance never keeps this faithful doctor from any one who needs him. When called he never asks if the money is ready. If he gets the pay, OK. If he does not he will smile and say, "Call me if you need me."

The only regret that we, as Jackson County residents, have is that we cannot add a good many more years to Dr. Eley's already far-spent, active life as a good, kind, country doctor.

This is a true tribute to Dr. Eley.

MRS. EMILY DAVIS,  
Rt. 2, Pascagoula.

### Charles Morie

I nominate Charles Edward Morie of Kreole, who is only 15. He is up at 4 o'clock in the morning to deliver his papers over a distance of eight or 10 miles and is ready to catch his bus for school.

He bought a power mower on time, paid for it himself and in summer some days makes as much at \$8 a day. He has saved \$359 to help put him through college.

He bought his mother a bathroom set, pays the telephone bills, gives 10 per cent to the church, hasn't missed Sunday school in four years. He buys his own clothes and pays for his lunch at school. Last year he had a \$50 Christmas saving.

He is no relation of mine, just a neighbor.

REV. J. W. DAVIS,  
Kreole.

### Susie Vaughn

I nominate Miss Susie Vaughn as "Tops in Our Town" because she did so much as a classroom teacher for over 50 years.

Miss Susie is now 81 years young. She began teaching at the age of 18 in one-room schools such as the Vancleave Academy. She taught as many as four generations in some families and every member of others.

Nor did she confine her activities to the classroom. Miss Susie was secretary of the County Teachers Association. She taught the adult Sunday school class in the Methodist church. She was school and community librarian. She was a Girl Scout captain. She

was a reporter of local news for the weekly county paper, The Chronicle-Star.

Her friends are legion. She was a helper from her first year as school "marm" when she and her older pupils saved the contents of a nearby burning building.

Surely Miss Susie Vaughn, who taught geography for over a half-century, should be chosen to see some of that geography between Vancleave, Miss., and New York.

MRS. J. W. MURPHY,  
Rt. 1, Box 169,  
Ocean Springs.

### Fire . . .

(Continued From Page 1)  
intense heat, smoke and water.

Damage to the house has been tentatively set at more than \$10,000, according to Mr. Watts, and furnishings destroyed or badly damaged were valued at about \$10,000. Furnishings included a number of antiques, fine lamps and new rugs throughout the house.

Thought An Intruder

Mrs. Watts was awakened a few minutes before 4 a. m. Friday by a noise at the back, which she thought was someone trying to enter the kitchen. She called her husband. As Mr. Watts reached for his gun, the flames broke out onto the back porch.

The Pascagoula fire department rushed to the scene but encountered some difficulty when one truck proved too large to get through the gate on Washington avenue into the back yard and the other mired down in the yard about half way to the house.

This necessitated running the hose by hand, firemen said. The fire was brought under control by the seven fire fighters only a few minutes after their arrival, however.

Mr. Watts indicated they will begin to rebuild as soon as possible. Until the house is again ready for occupancy, Mr. and Mrs. Watts will live with her brother-in-law and sister, Mr. and Mrs. O. L. White.

### Nurse School . . .

(Continued From Page 1)

A recent nurse census, both registered and practical, shows that for each nurse there are 750 persons in the state, compared with one nurse for every 300 in the nation.

In some areas of the state, Wells continued, more than 40% of the nursing care is given by practical nurses, of whom 90% have had no formal training.

"Thus," he added, "the public suffers by being the victim of not only an insufficiency of nurses but also of inadequate care due to untrained nurses."

Two-Fold Objective

The course, then, will help improve quality of nursing in Mis-

The Ingalls engineering department has been at work for some time preparing cost estimates in preparation for Wednesday's bidding.

Maritime board plans call for awarding no more than five of the vessels to any one shipyard.

### County To Get \$2146 From Federal Lands

Jackson county will receive \$2,146.57 as reimbursement from federal funds paid the state in lieu of taxes on national forest land in the county, R. W. May, state treasurer, announced this week.

The state has received \$265,085.02 from the US Forest Service as payment of 25% of the fiscal year 1950 receipts on state national forests in lieu of taxes.

The money will be distributed to the 26 counties in which forests are located, in proportion to the forest area in the county and amount of receipts collected. Jackson county contains 19,205 acres of national forests.

The money can be used only in the county school and road funds and, by act of the 1950 legislature, the money must be divided equally between the two funds.

For particulars on the Antique Show and Sale to be held at the Hurricane Room—Buena Vista Hotel in Biloxi on January 31, February 1, 2, 3, please write or call Mrs. Marion Keilhammer, Buena Vista Hotel, Biloxi, Miss. Sponsored by Beach Garden Society.—Adv.

## Charles Morie Is Chosen As 'Tops In Our Town'

### Cong. Boykin's Stolen Vehicle Recovered Here

Three men were being held in the county jail by Pascagoula police after their arrest Saturday night following two traffic crashes and a police chase that ended on the Pascagoula-Gautier fill, Chief Jones said.

One of the trio, Andrew James York, 25, is charged with stealing the automobile of Cong. Frank W. Boykin of Alabama and holding up a Mobile grocery before his arrest here.

#### Hitch Hikers Held

The other two, Allen Pitre and Donald Patrick Flynn, said they were hitchhikers picked up by York on the outskirts of Mobile. They are held for investigation.

According to Jones the car containing the three men stopped in front of the residence of John R. McNeal on Lincoln avenue about 11:30 p. m. Saturday.

McNeal said the men acted in a suspicious manner and drove off at high speed when he walked from his garage into the yard towards them.

Bounding the curve on Cauty street adjacent to Ingalls shipyard, the car hit a bridge rail and burst one of its tires. Continuing on, it smashed into a car owned by Otis Allen on Delmas avenue, and continued without stopping despite the flat tire.

Police took up the chase and a patrol car containing McNeal and Officers Nelson and Smith found the car on the fill near the Gautier bridge.

#### Sends Gulfport Wrecker

York and Pitre were in the car at the time. Flynn had caught a ride to Gulfport where he got a wrecker to tow the car to that city. He was arrested by state highway patrolmen Byrd and Fairley and county patrolman Owen Davis on his return and turned over to city police.

Both hitchhikers said they did not know the car was stolen.

York was identified earlier in the week by a Mobile grocery operator as the man who held up his store Saturday night and escaped with \$77.71.

### D. B. (Mutt) Floyd,

### Resigns Position

D. B. Floyd, head coach at Moss Point high, has resigned to go into business with his father, L. W. Tanner, superintendent of city schools, announced today.

HARRY CLARK, ABOVE, manager of the Mississippi Power Company's new industries division, is Mississippi's outstanding young man for 1950. Clark, who lives in Gulfport, was chosen by the state Junior Chamber of Commerce last week.

### Funeral Services For Rudolph Hans

Rudolph Hans, Pascagoula contractor, died Saturday morning at County Hospital. A native of Gladac, Czechoslovakia, Mr. Hans came to the United States in 1907 and he had resided in Pascagoula since 1913. He was owner of Hans Building Supplies.

He was a member of the Catholic church.

Rosary was said at Falls Sunday and Monday night and services were conducted from the funeral establishment and Our Lady of Victories church by the Rev. Gregory Johnson Tuesday morning. Interment was in Machpelah cemetery.

Pall bearers were Henry Lynn, Columbus Furby, Foster Lennep, H. D. McAdams, Matt Sumedinger and Roy Kehtel.

He is survived by his widow, Mrs. Louise Hans, Pascagoula; four sons, Henry and Edward, Pascagoula, Rudolph, Jr., Jackson and Raymond, Orange, Tex.; a brother, Joe Hans, Detroit, Mich.; and eight grandchildren.

### New York Trip Won By Student At Moss Point Hi

Fifteen-year-old Charles E. Morie of Kreole is "Tops in Our Town," Jackson county's favorite person.

Official vote by residents of Jackson county gave Charlie 1013 ballots, Dr. R. C. Rley of Moss Point, 503, and Miss Susie Vaughn of Vancleave, 410. Wins Trip To New York.

Charlie Morie, sentimental favorite of a large majority of the voters in the Chronicle-Advertiser's contest, thus wins a free trip to New York where he will be guest of General Mills and the Betty Crocker "Magazine of the Air."

Charlie, who had his choice of going by train or plane, said "I'm going by train. What I miss seeing on the way up I might be able to catch on the way back."

For his companion on the trip, Charlie and his parents, Mr. and Mrs. Otis Morie, chose Edward A. Khayat of Moss Point.

They will arrive in New York Wednesday morning, stay at the Statler Hotel, dine at famed restaurants, see the show and sights of the big town and appear on the Betty Crocker radio show, coast-to-coast, next Friday morning.

The show is heard locally Monday through Friday over station WDSU in New Orleans from 9:25 to 9:45.

When interviewed at his Kreole home, Charlie was having a difficult time keeping his joy under wraps. The phone rang continually, the family was in an uproar.

He said that Khayat has been his "ideal" ever since he was in elementary school and Khayat was principal and coach at the high school.

#### Can't Leave Children

"I can't leave the children," said Mrs. Morie. "Anyway, if I went that would be two of us who didn't know their way around. Mr. Khayat has been to New York and I wouldn't feel Charlie safe with anyone else.

Also a proud and lucky person today is the Rev. J. W. Davis, who

(Continued on Page Eight)

### March Of Dimes Extended Week

A total of \$517 was collected in Pascagoula schools for the March of Dimes, R. H. Burnie, county drive chairman, announced today.

Few complete returns have been received, he said, and closing date of the drive has been extended to next Wednesday.

Response to the plea for funds to fight infantile paralysis has been roughly twice as good as last year, he said, but he reiterated that this will not be enough to replenish the fund depleted by the two worse epidemics in history.

School Record Good  
A break-down of contributions from Pascagoula schools is: South \$125.62; high, \$87.08; Central, \$76.82; Negro, \$70.70; Beach, \$52.73, and Lake, \$50.

Dr. Felix J. Underwood, state March of Dimes chairman, pointed out that already 13 Mississippi children and adults have been stricken with polio since Jan. 1, an unusual number for a winter month. Without funds, the very necessary treatment and research cannot be carried on.

"I appeal to all Mississippians to give a full measure of financial support to make sure that the fight against this disease can be continued without interruption," Underwood said.

### T. R. Wells Receives Bid To Membership In Schoolmen's Club

Thomas R. Wells, superintendent of Pascagoula schools, has been invited to membership in the 96 Club, a professional and social organization composed of two school men from each state in the Union.

The club meets annually at the same time as the National Association of School Administrators. Wells represents Mississippi on the advisory committee of this national group.

### Regina Morris

**R**egina Morris is the owner and colon hygienist for the Coast Colonics Plus alternative wellness center in Pascagoula. Regina has run the business for three years and has been working in alternative therapies for the past 25 years. "I've always

liked alternative therapies. It's just a passion." She performs a variety of therapies from colon hydrotherapy and sinus cleansing to ear candling and pressure point therapy. Regina says that she's a people person and enjoys meeting people from

all walks of life. "I just love helping people be healthy, naturally." A native of Pascagoula, Regina says that when she's not providing therapy for her clients she enjoys boating, outdoor cooking and loves reading a good book.

## Named state officer

Winfred Morie has been elected vice president of the statewide Association of Mississippi Community Mental Health and Mental Retardation Programs, Inc.

Morie, who has served on the Singing River Services Board for six years, is vice chair of the board this year and has served as commissioner for Jackson County for 3½ years.

He has been an active member of the state association for several years, along with Ronnie Miller, chair of the Singing River Services Board, who is commissioner for George County.

The association draws into a statewide organization volunteer commissioners, appointed by the boards of supervisors of all counties, whose duties are to oversee the development and management of community mental health and mental retardation services within each region.

**Winfred Morie**

State vice president

Singing River Services of Region XIV is one of 15 regions, which operates treatment, training and rehabilitative services benefitting people of all ages with problems relating to adequate social, emotional and mental functioning.

The range of services also includes treatment of drug and alcohol problems, adjustment to stress or trauma and services to improve the quality of life for those with chronic mental illness or handicaps.

As vice president of the Association of Community Mental Health and Mental Retardation Programs, Inc., Morie represents not only the interests of Region XIV, Jackson and George counties but the mental health and mental retardation concerns for people throughout the state.

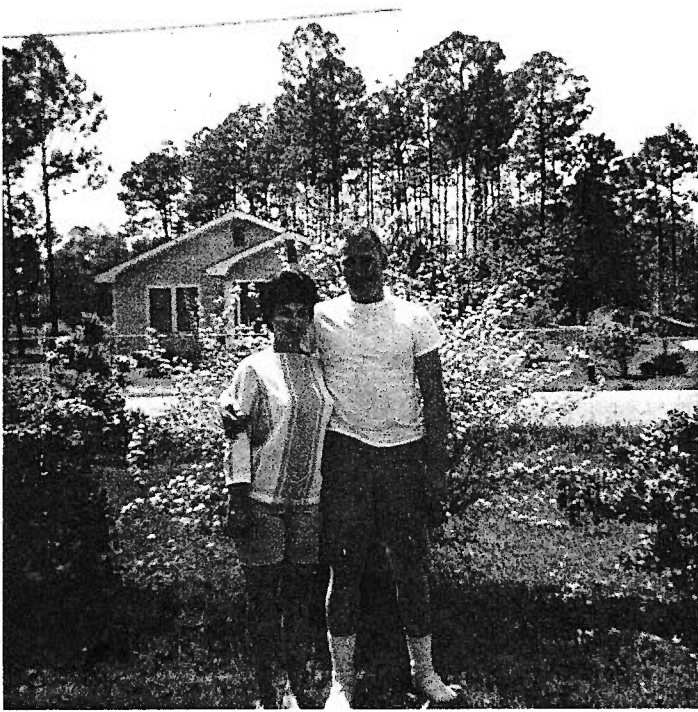

An employee of International Paper Company, Morie is active in other civic and religious organizations.
